

## USB data protector

Colour: white

Item no.: P300.063

Directly available: 249

Current stock for all colours: 249

The USB data protector avoids accidental data exchange when you plug in your mobile device to your computer or public charging station. The item will block any data transfer between both devices while keeping sure the item is still being charged. This prevents data being stolen from your device or malware being installed on it. The USB data protector is compatible with all mobile devices (iOS Android, Windows) and works on all USB port. Abs material.

## Recommended decoration

### Pad print

item front

Max. colours: 5

Max. printsize: 20x15mm
